Ok, will do. Having a telcon with a couple of approved Navy Crane Instructors this morning. Should be able to identify any more questions or concerns.

Thanks Shawn. That should be good enough for them. When they come to the island they can look in the cab and see it.

Thanks

Subject: [Non-DoD Source] Travel Lift

Hello Shawn,

One of our instructors for the P307 training has asked if I could provide the dates of certification for the Marine Travel Lift.

I checked the training sheet you sent me but it wasn't listed on it.

Could the WHE group on island provide that for us?
